Qualification Notes

- 1 One additional night stay at the Xyngular booked property. Includes room and tax charges only. Can be used one night prior or one night after the group trip. If a Distributor qualifies for two additional nights by exceeding 250 points, they can use both nights before or after the trip or they can split them and use one on each end of the trip.
- 2 Top Point Qualifier must meet all other President's Club trip requirements to be eligible for the trip and room upgrade.
- 3 Must have 120PV each month to receive President's Club points. If a Distributor has less than 120PV in any given month they will forfeit any points earned during that month only.
- 4 Monthly enrollment points are for five or more enrollments with inception volume of 240PV or more. A total of 5 points per month can be earned from this category regardless of number of enrollments. Both Distributor and Member enrollments count towards the five.
- 5 New Manager points will be awarded for frontline Distributors who first enroll as a Distributor or upgrade to a Distributor for the first time during the qualification period and then advance to the rank of Manager or higher during the qualification period.
- 6 A Manager who first becomes a Manager during the qualification period is considered maintained if they hit the rank of Manager or higher in subsequent months during the qualification period. For example, if a new Distributor achieves the rank of Manager for the first time in November 2017 and then achieves the same rank or higher in December, the upline sponsor would receive 1 point toward their President's Club qualification. They would also receive 1 point for additional months that the frontline Distributor maintains the rank of Manager or higher.
- 7 Points are earned for frontline Distributors who achieve the rank of Manager for the first time during the qualification period and then advance to Silver Manager or above. Distributors who achieved the rank of Manager prior to Oct. 1, 2017 do not count toward this requirement.
- 8 Once a frontline Distributor first qualifies as a new Silver Manager during the qualification period, the upline sponsor will receive 2 points for each additional month that the frontline Distributor achieves the rank of Silver Manager or above.
- 9 Must be a system generated Autoship. An order that processes as a non-Autoship order and is later requested to be modified to an Autoship order will not count toward this requirement. No exceptions.
- 10 Earn 25 or more points in a given quarter to qualify for event recognition. For President's Club qualification purposes, Quarter 1 is Oct-Dec, Quarter 2 is Jan-Mar, Quarter 3 is Apr-Jun, and Quarter 4 is Jul-Sep. Quarterly recognition can be earned independently of the President's Club trip and it is not required to earn 25 points per quarter to qualify for the President's Club trip.
